SUMMARY

Motion and 3D artist with a background from education to documentary production. Makes complex ideas visible, from psychology explainers to stylised 3D worlds, and designs title sequences and key art for festival documentaries. Built a YouTube channel to 40.7% audience retention, against a 24% average. Two Distinctions from Cork FET in Animation and Digital Media Production; now in Year 3 of BA (Hons) Visual Communications at MTU.

SKILLS

- **Motion & Editing:** After Effects, Premiere Pro, DaVinci Resolve, Final Cut Pro, Adobe Media Encoder · motion graphics, explainer animation, title design, storyboards and animatics, sound sync, colour grading
- **Design & Illustration:** Illustrator, Photoshop, Procreate, Figma · concept art, character design, print and digital design, 2D animation, life drawing
- **3D & VFX:** Blender, Maya, Substance Painter, Mixamo · modular assets, character modelling for rigging, UV unwrapping, PBR texturing, node-based shading, lighting and rendering, product turntables, motion tracking, compositing
- **Real-time & Code:** Unreal Engine, Unity, C#, HTML/CSS/JavaScript
